ANISH KANDEKAR

Data Engineer · Applied AI · Analytics Engineering

Mumbai, India · +91 9867403475 · anishkandekar2104@gmail.com · linkedin.com/in/anish-kandekar-9a295a201

PROFILE

Analytical and detail-oriented professional with a background in Data Science and Business Analytics, combining technical expertise, research experience, and problem-solving skills. Experienced in data analysis, process automation, database management, and AI-driven solutions, with a strong foundation in statistics and business intelligence. Adaptable and eager to learn, with the ability to translate complex requirements into practical solutions and contribute to data-driven decision-making.

TECHNICAL SKILLS

Languages: C++,Python, SQL, Bash

Databases: MySQL, MariaDB, PostgreSQL, MongoDB, mysqldump

Data & ML: Pandas, NumPy, scikit-learn, NLTK, feature engineering, classification, model benchmarking

APIs & AI: Anthropic (Claude) API, REST APIs, HubSpot API

Infrastructure: Linux, SSH, SCP, WHM/cPanel, PuTTY, Git, Django

PROFESSIONAL EXPERIENCE

SEED Global Education — UK-headquartered global EdTech and higher-education consulting firm, Mumbai

Data Engineer **Dec 2025 – Sep 2026**

- Architected an AI-powered institutional profile search and extraction system on the Anthropic Claude API, automating bulk extraction of school profile data into internal systems; reduced manual data entry by ~70% and improved throughput ~5x.
- Engineered Bash-based ETL pipelines for large-scale scholarship data integration across MySQL, MariaDB and MongoDB, processing large record volumes against business-critical SLAs for a globally distributed partner network.
- Executed end-to-end testing and production validation of software built by the technical team, identifying defects pre-release and coordinating resolution with engineers.
- Contributed to emergency response for a critical cPanel server compromise: SSH disk forensics, mysqldump production backups, SCP secure transfer workflows, datacenter coordination and full server rebuild, completed without data loss.
- Delivered business-critical insights from operational and product data to technical and commercial stakeholders, supporting decisions on targeting and resource allocation.

Management Trainee – Data Analyst **May 2025 – Nov 2025**

- Designed a four-tier student engagement classification system (Poor / Moderate / Good / Excellent) adopted across multiple global markets to sharpen event targeting and resource allocation.
- Automated data ingestion and movement across internal databases and HubSpot APIs, replacing manual handling of recurring operational datasets.

Research Intern – Data Analytics — DIAT, DRDO, Pune **Apr 2025 – May 2025**

- Conducted a quantitative study, "Evaluating India's Social Science Research Priorities: A Study of ICSSR Minor Grants", under Dr. Amrita Nighojkar, mapping grant allocations to research themes.

Data Analyst Intern — Analytics Career Connect (remote) **Dec 2024 – May 2025**

- Delivered client-side data analysis and customised reporting, converting raw client datasets into actionable business recommendations.

EDUCATION

PG Diploma in Applied Statistics - IGNOU, New Delhi (in progress)
Coursework: Probability Theory, Descriptive Statistics, Industrial Statistics

B.Sc. Data Science & Business Analytics - HSNC University, Mumbai · CGPA: 9.7 / 10 **2022 – 2025**
Coursework: Machine Learning, Statistical Inference, Database Systems, Linear Algebra, Data Structures, Business Analytics, Python.

PROJECTS & RESEARCH

- **Bank Term Deposit Subscription Prediction —** supervised classification model with feature engineering and multi-algorithm benchmarking to predict customer subscription behaviour.
- **Sentiment & Text Analysis Pipeline —** NLP pipeline in Python covering preprocessing, text vectorisation and multi-class sentiment classification of social media data.
- **Published —** "Impact of AI on Education Forum Driven by Social Media", lead author, peer-reviewed journal GENIUS (ISSN 2279-0489). Second AI paper under review (details under NDA).

ACHIEVEMENTS

- Indian Navy Agniveer INET 2024 — cleared Stage 1 and Stage 2; was among the top selected cadets.
- Sole recipient of the Gyan Mudra Scholarship in batch, HSNC University · State Rank Holder, Maharashtra Dyanpeeth Mathematics Test.
- Editor-in-Chief, The Verity — founded HSNC University's first newsletter committee (2023–2025); Co-Convenor, Research Cell, School of Applied Sciences.
